

Mission Update and Prayer Guide

NOTHING IS TOO HARD FOR THE LORD.....Jeremiah 32:17
Heritage AFlame - 198 Salt Rising Road - Bolivar, NY 14715 USA

Volume 4 Issue 18

Dare to D.R.E.A.M

November 2018

"Only one life will soon be past - Only what's done for Christ will last."

By the Lord's own grace, the school building project is still ongoing. I humbly praise God for the support of His people. I never thought we would see this kind of building project happening. It is by His grace. This will be the first two story multi-classroom building on the John Rogers campus. While it has been a big undertaking the Lord has reminded us that **He is able!** Thank you for responding in such a favorable way to His leading to **pray** for us here and freely assist us with financial support.

I was recently on a missions fact finding trip and the Lord Jesus Christ has blessed all our ministries in an amazing way. We have witnessed hundreds of lost souls coming to Christ.. Since last year up to today four hundred Muslims are faithfully serving our master Jesus Christ. It is not easy to reach the Muslim community, but

thank God for His Grace and the boundless help of the Holy Spirit along with the favor of the Lord. Our evangelism team has really worked faithfully behind and with me. Indeed I have a wonderful team. I praise Jesus. Please remember although most you there have never been to Ghana, except through Rev. Dave and other Heritage family members, you are all part of this wonderful team. More than that we consider you family. At the moment eighteen churches have been established. Hallelujah!! We are **praying** and getting ourselves ready for another church to be planted in late December 2018. We need a lot of **prayer** support. Next year we are increasing our efforts in Muslim communities. We are **asking the Lord to give us 1,000 souls in 2019**. Nothing is too hard for the Lord!

Rev. John Adjei, Agona Swedru, Ghana

2 Corinthians 5:20—"Now then, we are ambassadors for Christ, as though God were pleading through us:" We would like to thank you for your **prayers** and your support shown in many ways. Thank you for your recent special gift as we are now in our new home. May God bless you! Our first **Reverb** was a success. Praise God we had very few and minor issues throughout the event. We also saw God work in the lives of so many teens! Not only did we see many come to know Christ, but we saw many more commit to sharing the Gospel with their friends. We also have continued building great relationships with those who run our venues through the testimonies of these youth groups and our volunteers showering them and each other with the love of Christ.

Please continue to pray for us: We had 950 people and 83 decisions at the Springfield Reverb so **pray** for the leaders of various churches and for the young people who made decisions; we have another Reverb coming up in Providence, RI and we are anticipating a great time of evangelism and discipleship; **pray** that our marriage will be Christ-centered; and please **pray** for our many opportunities to share Christ with our new neighbors. **Geoff and Kendra Smith, WOL**

“Praying always with all prayer and supplication in the Spirit.....for all the saints....”

Lori Miller, Malaysia	Wisdom in developing the Technology program; health issues
Nard & Sandy Pugyao, Philippines/USA	Speaking engagements; Language Training; health issues
Wayne & Betsy Sam, India	Trip to USA in December (Lord willing a visit to NY)
Ralph & Susan Bly, USA	Travel to Florida, Missouri, Texas
Paolien & Mercy Haokip, India	School growth; Manipur outreach; health issues
Circle C Ranch, USA	Preparing for 2019 Snow Camps
Samuel & Shelley Thomas, India	Pending court cases, wisdom, protection
Jonathan & Sharon Penz, USA/Alaska	Winter preparation; Financial and health issues
Pastor Nicholas, Kenya	Wisdom to continue Ron’s ministry with the POKOT people
Local Churches, USA/World	Preaching of the WORD; Boldness; No compromise
Friends and Family	Financial and health issues; decision making; salvation

Please pray for Enock Dimba’s team as they visit churches, distribute Bibles and materials, show the Jesus Film and preach. (Malawi)

I praise God for the people He places in and around my life as I serve Him in different parts of the world.

As far as work, I am enjoying what I do. I miss the interaction and relationships with students but I am thankful for the one class that I get to co-teach in and the other activities I am involved with. Next week, I start meeting bi-weekly with a tech committee on implementing a plan that I have been researching. I am starting to formulate a way for it to work here at Dalat Int'l School. I would appreciate your **prayers** for the start of these meetings so that I will articulate well what God has placed on my heart. I often find myself **praying** for guidance and wisdom to know what to do each day. My position can have me running in

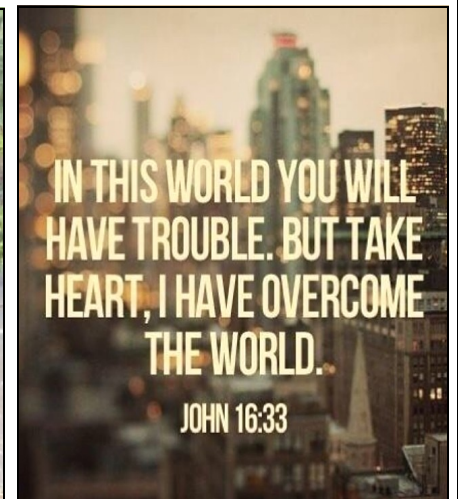

many different directions, and I want to use my time wisely. I truly love what I am doing here. I’m making some good friends and I am missing friends as well. I am enjoying the beautiful country of Malaysia! Thankful!! **Lori Miller**

More grace to you out there! I praise God and thank our mentor and co-laborer for the last encouragement message to us concerning the ongoing ministry in Cameroon. God is really at work even in the midst of severe crisis.

This message is to inform you of some latest happenings in Cameroon now.

1. The 35 years president of Cameroon is to continue for the next 7 years again.
2. The soldiers are bent to neutralize the armed civilians but these armed civilians are also using sophisticated guns and what they call guerilla tactics. They block free circulation of vehicles and battle with soldiers.
3. This kind of gun exchange led to the death of an American missionary on October 30 2018 in the person of **Charles Trumann Chesco**. **Please pray** for his family and team here in Cameroon. This is why we could not bring you here for the conference at this time.
4. Civilians are living in fear. The attached pictures are a sample of the disorder we are facing.
5. I spoke and **prayed** with the Divisional Officer in our region who is really panicking because of the turmoil. He has promised to give us the authorization on Monday. This will give us final permission to hold the conference. In spite of the bloodshed we are bold enough to believe that God will give us His unparalleled favor. This is not a time for the church to retreat. We must preach, teach and **pray** with urgency.
6. Thank you so much for the support you sent last month. With the current danger we could only withdraw small amounts at a time. It has enabled us to do the ministry and also to assist other pastors and teams with outreach projects. Please give our gratitude to all the believers there.

Greetings to you all, On October 8, 2018 I celebrated my 88th birthday here in Washington with my family at a dinner prepared by my daughter Deb. It was a joyous occasion. Where does the time go? I have been here at Warm Beach Senior community for one year. It has been a good year and I have much for which to praise God. He has been so faithful!

Kako continues to have a special place in my heart. Please let me recap my adventures this past summer. I went back to KRC for our annual Family Retreat over Memorial Day weekend. It was a wonderful retreat. About 93 people attended. They all had to be flown in from the surrounding villages. Jordan Taylor and John Troyer were the pilots for this camp. So thankful for John and Becky Erickson and Jeanne Rodkey who prepared Kako for this event. A big undertaking as Jonathan and Sharon were in upstate New York awaiting the birth of a little brother for Merrick. We were blessed to have DJ Angaiak, a Yupik Eskimo, his wife Robin and two of their daughters share their story. They had been a broken family but God brought them healing. They shared their lives, being very transparent about their past failures and how they were able to change by choosing carefully to follow God with their lives. Their gals shared their own stories and songs which was an added blessing. They loved being at Kako. They could also see how the native people appreciated feeling safe and loved at Kako.

Sandwiched in between this Family Camp and our annual Ladies Berry Picking Retreat, were six weeks of Kids' Camp. I praise God for His faithful provision. With Kyle's passing, John and Becky Erickson took on the challenging role of leading the entire camping program. Each of the six week camps had 40 or more kids giving us a total of 255 campers. John passionately spoke during the Bible times on "How Big is Our God". The Gospel was clearly communicated and over twenty kids made a profession of faith. God provided all the counselors and staff we needed. Andy Trevan, a pilot from England returned with his wife and two sons to serve as a family. It was also a highlight to have Kyle's family involved, his brothers as counselors, playing the guitar and Ella's sister Mady stayed the whole time. They were a great encouragement.

I returned to Kako for their Annual Ladies Berry Picking Retreat the first weekend in August. This is one of my favorite retreats. Deb and I flew in early arriving July 24th to help get set up for this retreat. Other ladies joined us and come August 3rd we welcomed 46 ladies from the surrounding villages. Gary and Stacy Elliot from MATA were a great help. Gary flew MATA's 206 which along with Kako's 206 made all the difference fitting in some long flights. We were able to reach out further to the coastal villages with many first timers. This retreat was a huge blessing and featured something new--story ropes. Terri Schell and Cathy Beachy from WA and OK were experienced speakers. They are founders of an inner healing ministry for women called "His Story Ministries" and use a method where fabric ropes are made by each lady to help describe their story including events and people in their lives.

Thank you for your **prayers** for Kako. It is a joy to see the ministry continuing under the leadership of Jonathan and Sharon. They are rejoicing with the birth of Micah David born June 6th weighing in at 7lb 9oz, a little brother to Merrick. This has been a difficult year with many changes and problems with the infrastructure proving to be very costly. Please **pray** for God's provision.

Here at Warm Beach there have been opportunities for me to share my testimony and Kako's ministry. I spoke at a Christian Advocates Men's Breakfast on June 19th, which was open to all. Then July 22, at the Free Methodist Church in Stanwood to the adult Sunday School Class and also to the Alaska Yukon Fellowship held there on September 1. Folks are **praying** for the Kako ministry.

As I continue to serve as Kako's ambassador I deeply appreciate your financial support and your sincere **prayers** for me as I continue to serve our Lord. I am sending special greetings to Bill and Paula Ayers and all former short-term mission team members there in New York and Pennsylvania. I am gratitude for the many years of friendship with all of you! **Vera Penz, Kako Retreat Center Ambassador**

From Bhaskar Joseph, India.....Shalom, I am praying for you all and for your ministries there. For the last 6 days I was trying to send email to you but it is not going through. Even today I went to the net cafe to attach photos and to send you by email but we have very poor connection here on the Island. So now I am sending you by WhatsApp. I am thankful I can communicate with you. We do not stop **praying** for you. We extend greetings to everyone in the Heritage Family. Please give our special greetings to Paula Auntee. We are praying for her. Please accept our humble gratitude for we know you are **praying** for us continuously and for the ministry here in the Andaman and Nicobar Islands. We thank the Lord for you all and for your valuable support thus far. Please **pray** for the Bible school. We are asking the Lord that we would be a blessing to the students. We ask you to **pray** for new souls in the church. Last week we had a baptism service in the church for two young people who surrendered their lives to God. Please **pray** for their spiritual life. I have attached a photo of the prayer time before the baptism service. Also please **pray** for Children's Home. Our kids will be taking exams soon.

Here are some other Prayer Points: for a piece of land and church building in the city area; for computers for the children to learn and for our office; for the current construction project's completion; for God's blessing on our evangelistic effort; and for the hospital ministry. We recently met a family of a 12 year old boy whose body was burn badly in a fire. Please **pray** especially that this boy will be healed and that his family will come to know the Lord.

From Paul Kumar, India..... Praise the Lord! We have started a new sewing centre at Sarugudu Village which belongs to a tribal and hill area. The village pastor's name is John. He is running the church in a small hut house. This is an extremely poor area so this sewing centre will provide hope for many. At the beginning we have over 40 women, many of them widows and most of them from a Hindu background, ready to start. This sewing centre will teach the skill of sewing, embroidery and knitting. Once these skills are learned women will be having a source of income in their lives. Also during their learning period half an hour will be set aside for **prayer** and devotion time that will be led by the pastor. They will also learn Christian hymns and songs. Pastor John will be presenting small messages regularly. We hope and **pray** that this first class of women will not only successfully complete the training but also our great desire is for many to receive Jesus as their Savior. Please **pray** for us! This is but one project of many we are currently doing. We thank you so much for your **prayers**, encouragements and great support for us and our ministry. With your **prayers** and

financial help we are uplifting our hands and we are able to run this ministry and able to win the souls for the Kingdom of God. We are **praying** for your ministry and families to prosper more and more in days to come. God bless you all!

We want to express appreciation for your support here at Maoni Orphanage. I wish you could hear the "THANK YOU" from the children for their newly stitched school uniforms and shoes! Chinsinsi Bwaluzi sends his gratitude for providing the means for him to attend the welding training certification program at one of the local schools in Blantyre. This will give him a good future. Taking our children out of the circle of poverty is a great act of kindness. May God bless you! ***Enock Dimba, Malawi***

From Pastor Nicolas, Kenya - Thanks very much for the funds you sent for they have really helped us achieve a lot in the ministry. We took much needed food to four villages, medicine to our clinic, support to our four pastors and brother Jose. We are very grateful for standing with us. When brother Ron died we wondered if you all would still remember us here. Your faith in us is an answer to **prayer**. Please, please visit us when you can. Please **pray** for us as we begin to make plans for projects Ron identified to help the Pokot people. We are always concerned about village health and hygiene. We are looking in to constructing latrines/toilets at Kalas and Chematichor villages. This will help reduce the risk of infectious diseases. Next year we will need two more classrooms at Reretieng. Please **pray** with us! Bless God!
